'S Long Summer,
GOOD BYE Static --

Hello DX !

Say, aren't these brisk Autumn days great!

Just make your fingers itch to try out new
hook-ups and get things ready!

This season, treat yourself to some good
tools and see how much more fun and better results
you'll get from your experimental work.

You'll find Stevens Speed-Up Tools in the
laboratories of prominent radio engineers. Men like
M. B. Sleeper, Lawrence Cockaday, Zeh Bouck, A. J. Haynes
are users of Stevens Tools.

Tune in with Stevens now. We're all set
to help you eliminate the interference from make-
shift tools. If your dealer can't supply you, write
us direct.

Yours very truly,

STEVENS & COMPANY.
